

PRIVATE JETS

AIRCRAFT CHARTER
SOLUTIONS FOR YOUR
PRIVATE AVIATION NEEDS

Welcome.

I have always been passionate about creating exceptional flight experiences and I am proud to have built up a global aviation services group.

Now part of the Wheels Up family, we offer a world-class private jet service and pride ourselves on always knowing the best way to get you exactly where you want to go. Guiding and supporting you every step of the way. Being there when things go to plan, and even more so when they don't.

Because no matter where you're going, it matters how you get there.

- + A global customer services team 24/7/365 who will ensure the smooth running of every flight.
- + Access to all Air Partner services: Private Jets, Air Evacuation Services and Cargo.
- + The opportunity to give back to the planet by offsetting your flight emissions through our carbon offsetting programme.

As a global aviation services group with 24 locations worldwide, we are committed to providing incredible service to you.

EXPERTISE

Our dedicated Account Managers go above and beyond to create bespoke flights around you for a seamless experience.

SAFETY

We continue to set the benchmark for safety in aviation which is why our Quality Management System far exceeds industry standards.

TRUSTED

Founded in 1961, we have more experience than any other provider. Our continued financial strength means you are in trusted and reliable hands.

Taking responsibility.

Environmental concerns continue to present a significant challenge for the aviation industry and, as a business, we are on a journey to reduce our emissions through our Environmental, Social and Governance (ESG) Strategy.

As such, for every flight you book with us, offsetting your carbon emissions is automatically included to allow for you or your business to reduce harm caused by flying.

Working with Climate and Sustainable Development experts Climate Impact Partners, with every flight booked with us, your emissions are offset and the funding is used to support projects that not only cut carbon, but also alleviate poverty and improve lives.

We know that our customers are increasingly aware of climate change, many of whom are being more mindful of their impact on their environment, and about when and how often they travel, whether for business or leisure.

The projects being supported have been selected to provide a combination of the highest quality emission reductions, whilst also delivering the most sustainable impact.

How it works.

1

WHEN YOU BOOK YOUR FLIGHT

With every flight you book with us, offsetting your carbon emissions is included, to allow for you or your business to give back to the planet.

2

WE'LL DO THE CALCULATION

Your dedicated Account Manager will calculate the emissions based on the variables of your flight – the duration and the aircraft category.

3

SEAMLESS PAYMENT

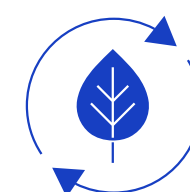

Your carbon offsetting payment is included in the cost of your flight. This will be listed as "Carbon Offsetting".

4

YOU'RE READY TO OFFSET

Climate Impact Partners will then offset these emissions through projects that cut carbon and improve lives.

Your safety is our priority.

Our industry-leading Services division makes our in-house safety expertise unrivalled in the charter industry. We are trusted by airlines, military and global blue chip companies to advise on safety and risk management, driving security assurance and shaping regulation.

We continue to set the benchmark for safety in private aviation, conducting robust and comprehensive audits of every partner to ensure you fly only on aircraft that meet the most rigorous standards. Our quality management system processes are audited by high profile organisations to ensure effectiveness. You'll always fly with two pilots on a multi-engine jet, knowing that all certifications are in place and we regularly charter aircraft audited by ISBAO, Argus or Wyvern, in line with your preferences.

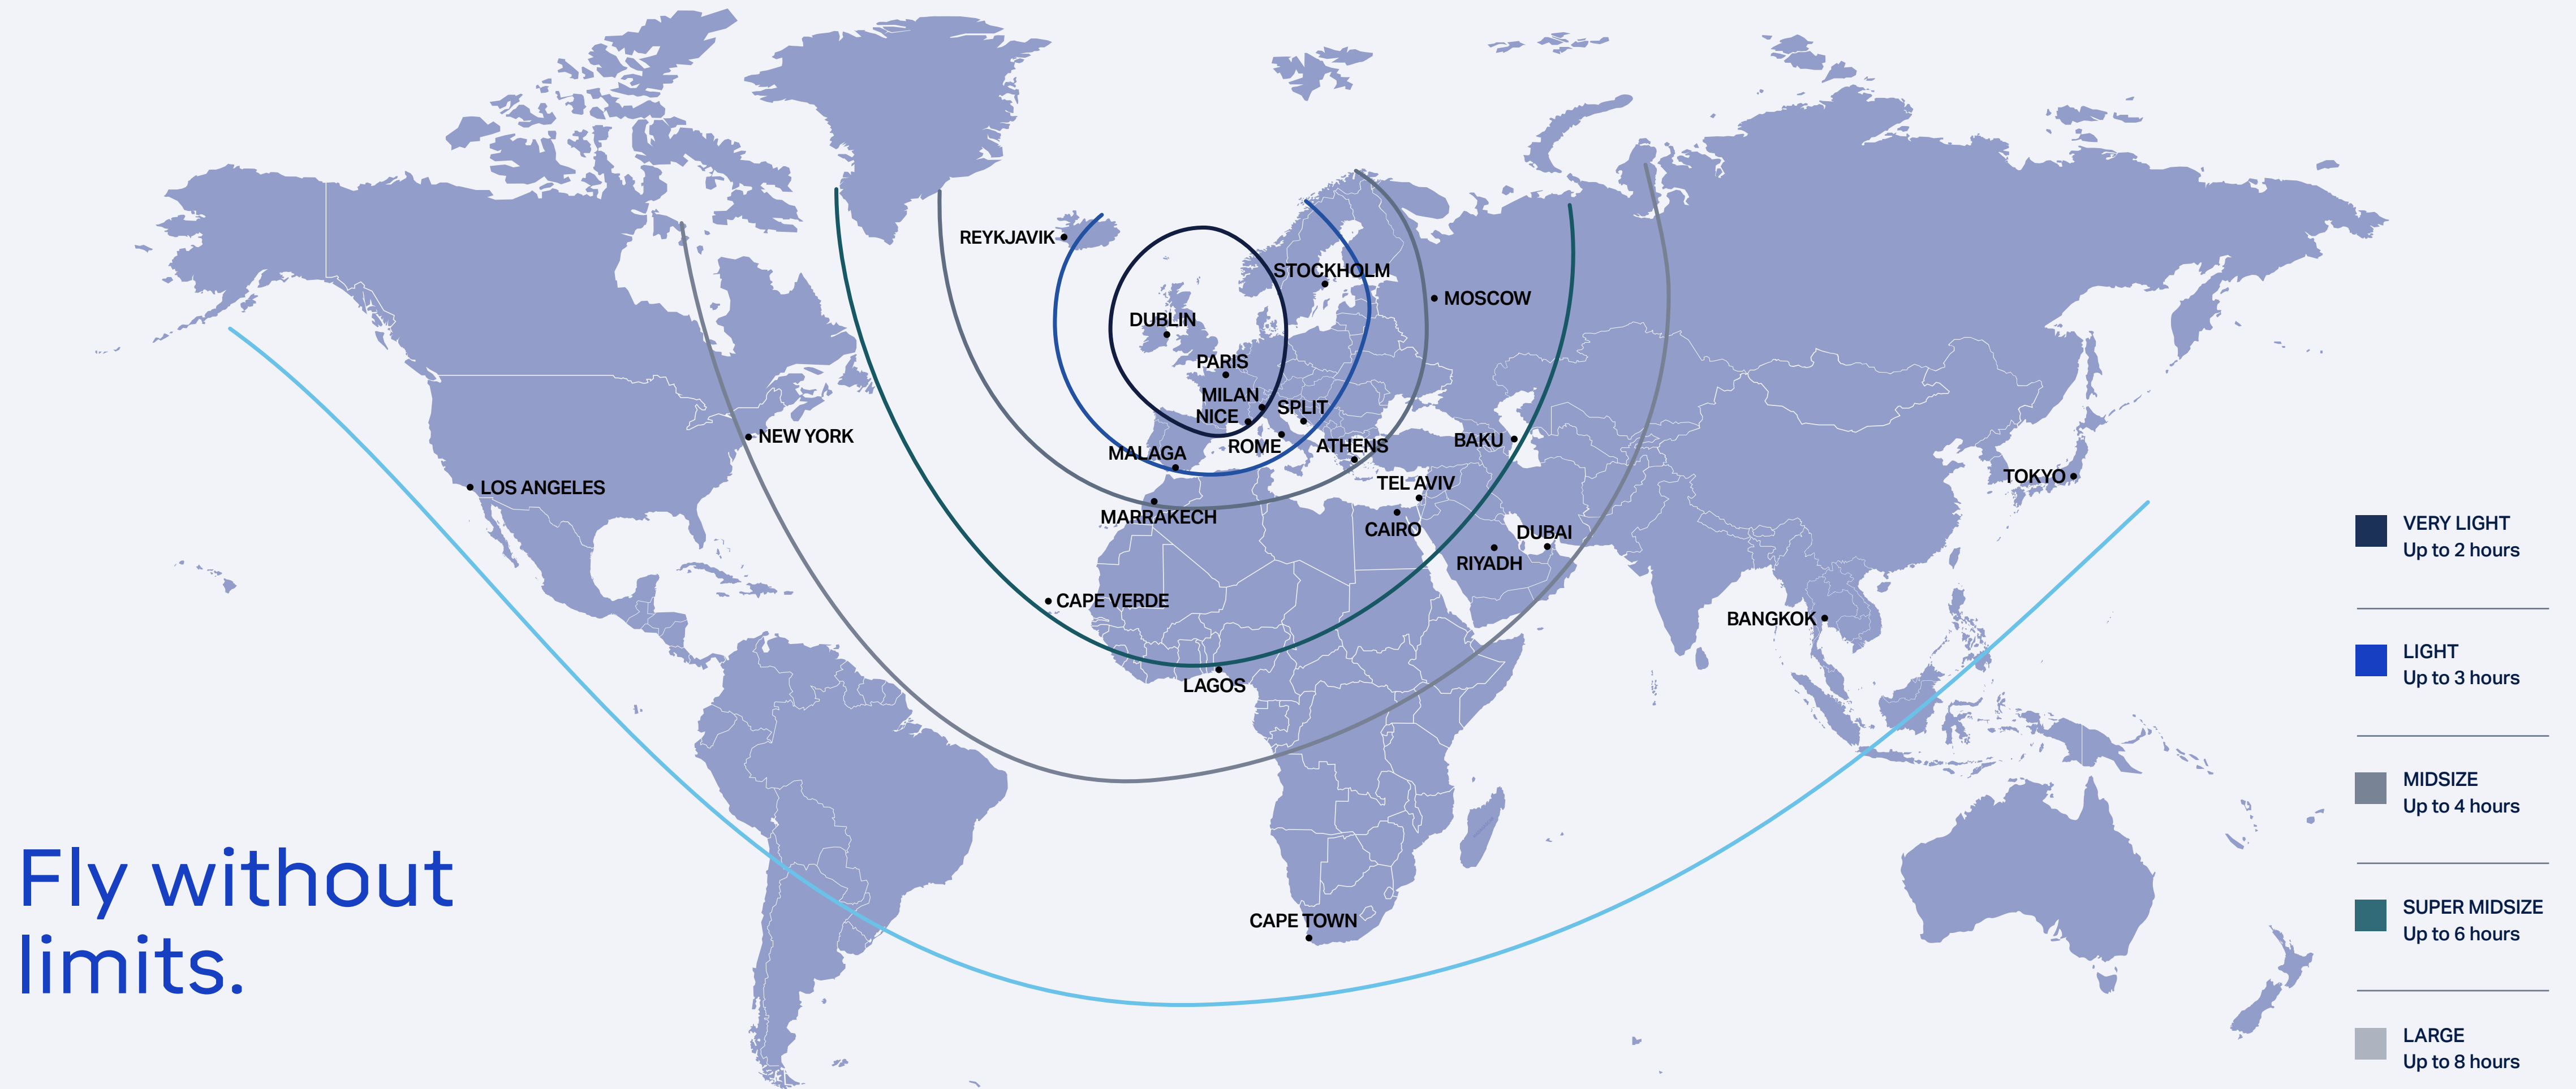

Pet travel.

Your pets deserve the world, which is why we offer the most personalised, pet-friendly private flights, tailored to their every need.

With your pet next to you in the comfort of your private jet cabin, they share the experience with you during the flight. Your pet can enjoy simple pleasures like stretching their hind legs, roaming around the cabin, and relaxing peacefully.

Our Private Jets team ensures all arrangements and documentation for travel with pets are in place beforehand, so you'll arrive at your destination without issue. We can arrange for any requested catering options for your pets for the duration of your flights. Simply let us know your pet travel preferences when booking your trips with us.

Fly without limits.

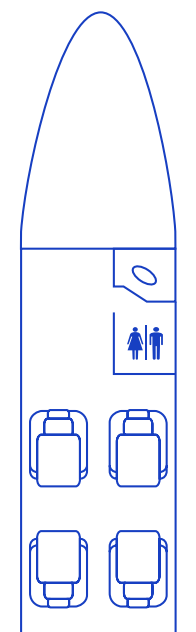

We are perfectly placed to source any type of aircraft for your journey, anywhere in the world.

In action.

Delivering flexibility and transparency for your business.

A global financial business required an efficient, flexible charter solution to fit around their changeable schedules and enable them to save as much time as possible.

No other provider could harness their extensive knowledge and service offering to offer such a bespoke and

competitive solution for their specific needs. We delivered a tailored charter solution, which combined the benefits that mattered, such as late cancellation, allowed them to deposit funds on account to streamline the booking process and gave them access to competitive live market pricing.

“No other provider could harness their extensive knowledge and service quite like Air Partner.”

There for you when it really matters.

We sprang into action to safely evacuate the daughter of our JetCard member in the aftermath of a devastating earthquake in Lombok.

Using our experience and extensive network, we worked around the clock to arrange an immediate jet from Lombok to Singapore, which was no

mean feat given the scarcity of available aircraft. Then faced with the authorities' decision to close Lombok to non-scheduled traffic, we adapted our plans quickly to arrange a helicopter to the nearby island of Bali, where the client met their jet that took them onwards to Singapore.

“I am extremely grateful to the Air Partner team for acting so quickly. I never imagined I would have to use my JetCard under such circumstances and I couldn't be more relieved that this journey was made possible.”

Mr John Roberts – JetCard member

“I have used Air Partner for many years. They have the scale to access a large number of aircraft, yet are nimble enough to respond quickly, efficiently and effectively.

This, combined with the personal attention of their dedicated team, enables Air Partner to offer a bespoke, fast and reliable service. I have absolutely no hesitation in recommending Air Partner.”

Chairman – A leading global bank

Value, delivered.

“I have used Air Partner’s JetCard for a number of years (having used other companies before) and have found that their simple charging system with no hidden extras nor fees a real bonus.

Coupled with this is their service – excellent quality catering, availability of their planes and the can-do attitude of their staff.”
